

Town of Clarkstown Small Business Signage & Building Beautification Program

Step-by-Step Guide to Successful Participation in the Program

- Step 1—Applications may be submitted via email at signgrants@clarksotwn.org, or sent to Jeff Gillies, Intergovernmental Relations Coordinator, 10 Maple Avenue, New City, NY 10956. An application from a tenant must include written consent from the property owner. Applications must include photographs of the facade or storefront to be improved and a detailed description of the planned work.
- Step 2—Application materials, including any associated building permit application, will be reviewed initially by Town staff, in consultation with the Building Inspector. Depending on specifics contained within the project proposal, it may need approval from one or more of the Town's land use boards, such as the Architectural Historical Review Board. After the applicant has obtained all required approvals, the Building Inspector shall make a final determination as to whether a grant application shall be granted or denied, and shall advise the applicant accordingly.
- Step 3—After the applicant completes the required work and, if applicable, receives a Certificate of Occupancy from the Building Inspector for the improvements, the applicant shall submit a reimbursement request to the Building Department. The reimbursement request shall include copies of paid receipts or other documentation sufficient to verify the expenditure of monies to perform work eligible for a grant.
- Step 4—Upon review and approval of the reimbursement request and a final inspection of the eligible work, the Building Inspector shall advise the Town Comptroller in writing that a check should be issued to the applicant for the approved amount.
